Who Are We?

uSports are a sports coaching company who deliver sports sessions to children from 2-16 years. The majority of our work takes place in nurseries and primary schools during term time and we run a number of sports based holiday camps during the school holidays. We also deliver private coaching, parties and toddler classes with new activities always popping up!

Our Philosophy

uSports exists to provide as many children as possible the opportunity to have a positive experience with a variety of sports at a young age. We are passionate about ensuring children develop in a fun, safe and happy environment whilst educating them not only in sports but as young people.

uSports was established in 2017 and has grown to work in over 50 schools and nurseries in this time. We have a full time office team of six members of staff as well as around 30 additional part time coaches. Our office is based in Woodley, Reading and we operate across Berkshire and Buckinghamshire.

We like to stay up to date on our social media platforms and our website so come and find us online to find out more about what we do, to read some testimonials and to see some of our photos!
